EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nicholi L. Bajjalieh and Philip L. Bateman on 09/03/04.

The application has been amended as follows:

In claim 1 step (d) after "a homogeneous mixture" add -- using a bowl grinder --.

Cancel claim 4.

The following is an examiner's statement of reasons for allowance: claims 1-3 and 5 are allowed, because as the Applicants indicated in the interview, the prior art does not teach or fairly suggest using bowl grinders usually employed in meat industry, for grinding corn plants in order to obtain the most homogeneous samples for NIR analysis used for predicting the composition characteristics of the corn plant population.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yelena G. Gakh, Ph.D. whose telephone number is (571) 272-1257. The examiner can normally be reached on 9:30 am - 6:00 pm.
